ABOUT

I am first year of Computer Engineering student in college and a Front End Developer. I focused on JavaScript and React in my studies outside of college and improved myself in many technologies related to it. I believe that I will be beneficial to your company while working and at the same time I will contribute to my skills and knowledge.

EDUCATION

COMPUTER ENGINEERING BACHELOR'S DEGREE

Alanya Alaaddin Keykubat University, Antalya, Turkey
2021 - 2026(EXPECTED)

PROJECTS

FIREBASE UPLOAD

This is a React based application what upload file or text to Firebase.

- This app makes it easy to upload videos and images to Firebase.
- We can upload any file easily.
- And we can save any text to Firebase .
